

About us

We pride ourselves on our ability to provide anything from a teaspoon to a complete catering solution to customers of all sizes, utilising our national structure and the combined expertise of our employees. We provide every food option from quality ingredients to finished meals, including a number of own brand ranges as well as all the big brands and regional specialities.

We also offer light and heavy catering equipment, cleaning materials and non-food lines, making us the complete one stop shop. Our great product choice is supported with a host of services, all tailored to help our customers grow

The only way that we can achieve this is by working together both as a company and with our customers and it is this that underpins our vision, mission and values.

Delivering what's important to our customers.

Developing partnerships to help customers grow profitably.

We use 5 key principles to guide ourselves in everything we do:

- **Passionate** - about getting things right and keeping our promises
- **Flexible** - open to change and doing things differently if the result is better
- **Challenging** - ourselves and our colleagues to raise the bar
- **Innovative** - through embracing new ideas and making them relevant for our customers
- **One team** - using our combined expertise to succeed
